

MED SPA - AI SEO CASE STUDY

Problem

This Med Spa client was struggling to generate leads to their clinic organically. We spent time working on a local campaign that revolved around content, onsite technical optimization, and GMB optimization. Their results are showcased below after 6-9 months of consistent SEO.

Goal

Increase local foot traffic to high-end med spa in San Gabriel, CA

Solution

- Local GMB work - posting, optimization, citations
- Onsite content production,
- Technical SEO - product schema, foundational work
- Conversion Rate Optimization
