

AI SEO Case Study - House Cleaners

The client:

This is a home cleaning company in NYC - one of the most competitive cities in America. They were a brand new business struggling to get leads in.

Niche:

House Cleaners

The Solution:

We worked on revising the internal linking strategy on the site to push forward rankings for their main pages. We also added technical aspects, like advanced Schema Markup, to capture more real estate on the SERPs and attract high-quality traffic that will convert.

The Results:

Our efforts greatly impacted the organic keyword saturation and traffic in the first 90-days. This will lead to better conversions on the site as they move into their next quarter of optimization.
